

February 17, 2010

Dear Patient Families,

Since opening our practice in June 2004, we have strived to provide exceptional care to our patients in a warm and welcoming atmosphere. To this end, we have not charged for many services that other offices traditionally charge for. Due to many factors, however, we cannot continue to absorb the cost of these services ourselves and must start charging for some services.

Starting April 1, 2010, we will charge the following fees for the listed services. These modest charges will help defray the cost of the services so we can continue to provide the kind of care you have come to expect from The Kids Group. Should you have any concerns regarding this change, please contact our office.

Sincerely,

Douglas Dodds, MD

Kristine McCorquodale, MD
